Premiums—We believe, that the Grand Trunk Railway, give premiums, every 6 months to their Engineers, who use the least Wood and Oil, running the usual journey. Now we have rode with Mr. E. I. Northrop, one of their Engineers and we do not believe you could fall in with another Engineer, more careful, or attentive to his Engine, being the most steady driver that we have ever rode behind [and we consider ourselves some judge, having been Railway riding for over two years constantly.] always kind, and obliging, and ever at his post. His Engine we understand does not cost one-fourth for repairs what the other Engines do. We would respectfully recommend him to the kindest consideration of the G. T. R. Offices,

The more to do the more done—We have observed along the line of railway at the different stations where there is only one Porter, such as at Utica, where he is fully engaged, from morning until late at night, that he has everything clean, and in first class order, even the platform the snow does not lie for a week after it has fallen, but is swept off before it is almost down, at other stations where there is two Porters things are visa a versa.

J. S. P. Hathaway runs a daily Stage from the station, to New Baltimore in connection with all Passenger Trains.

Professor Power has returned to Canada after entertaining delighted audiences at New Baltimore for the past two weeks listening to his comical lectures, &c.

Didn't succeed—A gentleman by the name of Watkins agent for the Haytian government, recently tried to swindle the Grand Trunk Railway company out of sixty seven dollars the price of a valise he claimed to have lost at Saranis, and he was well nigh successful in the undertaking. But by the indomitable perseverance and energy of Mr. W. Smith, detective of the company.

The case was cleared up in a very different style. It seems that the would be gentleman while crossing the river on the ferry boat, took the check off of his valise, and carried the valise in his hand, not forgetting to put the check in his pocket, the baggage man missed the baggage after leaving Port Huron, while looking over his book to see if he had every thing, with him, but to his great surprise he had lost one piece, he telegraphed back stating so, but no baggage could be found. It was therefore given into the hands of Mr. Smith, to look after, in the meantime Mr. Watkins, wrote a letter to Mr. Tubman, Agent at Detroit asking to be satisfied for the loss he had sustained in consequence, and referring Mr. Tubman to Mr. W. A. Howard Esq, of Detroit, and the Hon. Messrs Brown & Wilson of Toronto, for reference. We hardly know how such men are taken in with such traveling villains, but such is the case, meantime Mr. Smith, cleared up the whole mystery by finding the lost valise in his possession, and the Haytian Agent offered to pay ten dollars for the trouble he had put the company to, and have the matter hushed over.

Not so, we feel that the villain should have his name posted up in the various R. R. in the

country, and then he will be able to travel in his true colors.

We have noticed of late, the large quantities of men, taken by Lieutenant Donahue, 14 regt. over the G. T. R. to their rendezvous at Ypsalanta, and on inquiring find that he has recruited more men than any other man in the regiment. If his energy and perseverance in the field when he meets the secesh, is as good as it was in his recruiting on the line of the Grand Trunk R, he will make a mark that the secesh wont soon forget.

Heavy Shipments at Baltimore—We were delayed the other day at New Baltimore Station, waiting for a friend, and while waiting, took upon ourselves to have a peep at things generally: we saw in the freight house of the GTR 400 bbls of flour and 150 hogs, waiting for shipment to Portland
