

# Program Charges

Schools will be able to book programs **at the Museum** for Thursdays and Fridays beginning at 9:30am. Schools may select from the following options:

Self-guided tour of all galleries and exhibitions	\$4 per student
Educator-led Planetarium Show only	\$150 per show (capacity of 60)
Self-tour w/Planetarium Show	\$4 per student plus \$150 per show (capacity of 60)

*One adult for every ten students booked will be admitted as a chaperone for free. Adults attending above that ratio will be asked to pay the student fee. There is an \$80 minimum for Self-tours. Planetarium attendance in excess of 60 will require booking additional shows at the full per show rate less a 15% discount. A designated meeting space can be reserved for snack or lunch, based upon availability.*

Our **Hands-on Science Exploration classes** are now available as an outreach in your classroom Monday through Friday from 8:30am – 2:00pm. Contact us for afterschool and evening program availability.

The cost per program, including all materials, is \$150 for a 45-60 minute class + travel fees for schools outside of Schenectady County.

*Programs serve up to 27 students comfortably. A discount of 15% will be applied towards a second program when performed consecutively on the same day. We are continuing to enhance and expand our selection of available hands-on programs so please continue to check our website for our latest offerings.*

**Science on Stage** is available for schools wishing to serve a larger audience in your own auditorium style space.

The cost per presentation is \$250 (serves up to 200 students comfortably) plus travel fees for bookings outside of Schenectady County. Please call for available topics.

Our **Powering the Future: The STEM Fund grants** are still available.

*Grants are available on a first-come first-serve basis and can be applied toward free or reduced admission fees, outreach program fees or bus transportation. Please ask about an application when booking.*
